

Mechanicsburg-based Versatile Systems hit the road in April to meet with students at **Millersville University, F&M College, Harrisburg University, Penn State Harrisburg and Shippensburg University**

. A pair of developers attended each session, presenting "A Day in the Life," a look at the real world of working in a fast-paced technology company. Students learned the skills, aptitude, and work ethic necessary to compete for a position and succeed in today's IT job market.
